Campership Application

When applying for a campership please remember the following:

- * Please consider serving at Big Sky! Big Sky is always in need of nurses, cooks and assistant cooks and each week of service includes one free week of camp for a child or grandchild. If interested, contact us!
- * Pay the amount you can afford. We do ask that you pay the registration fee (\$50) for each camper. * Check with your local church or community organization for financial assistance - many help with kids going to camp.
- * Priority will be given to those who are first time applicants for camperships.
- * Camperships will only be given for traditional camps. There is not currently a campership program for day camps or wilderness camps.
